January 10, 2013

Dear NAARSO Certification Holder:

The NAARSO Board of Directors inclusive with the Certification Board would like to let you know that you are in our thoughts as you recuperate from any Sandy storm damage you may have experienced this fall. We realize that you may struggle to meet the requirements of certification renewal this year and would like to offer you a one year extension on getting the required continuing education hours. You will now have until March 31, 2014, to get your approved documented hours and renewal fee into the office.

Hopefully this will help you and give you the time you need to renew your NAARSO certification. If you have any questions, certainly feel free to call the office.

Respectfully,

Clyde Wagner
President
