The National Association of Amusement Ride Safety Officials (NAARSO) would like to welcome your interest in our organization and sincerely thank you for your concern about amusement ride safety.

In the past, inspectors and owners have tried to collectively work together sharing information and ideas on amusement ride safety. Now there's NAARSO.

NAARSO was conceived for the purpose of promoting, educating and understanding amusement ride safety. Amusement ride safety is a growing concern. Many states and municipalities have instituted amusement ride safety programs. As members of NAARSO we are concerned with uniformity and the continual flow of information and ideas with which to improve amusement ride safety.

We invite you to become a member. As a member you will receive:

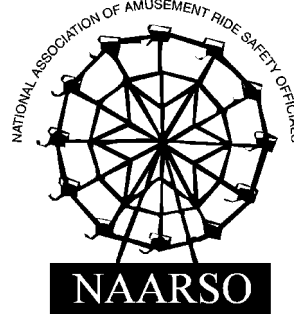

- A newsletter full of inspection updates, safety bulletins, upcoming meeting notices, and much more.
- An opportunity to attend our annual meeting where you will learn and have a chance to share notes and ideas with the leading authorities in amusement ride safety.
- A safety forum designed especially for those who inspect amusement rides, at a reasonable tuition, with instruction by professionals who have many years experience. In addition, hands on instruction will be provided at each forum.
- An opportunity to serve on important Association committees in the areas of inspector certification, codes and standards, legal, carnival and parks, water parks, ASTM F-24, etc.

“SAFETY THROUGH COMMUNICATION”

GOALS

NAARSO was developed specifically to serve the needs of government agencies and their employees involved in amusement ride safety. Its goals are as follows:

- To provide a forum for the discussion of questions related to amusement ride safety, administration, regulation, and enforcement at all levels of city, county, state, provincial and federal government of the United States and Canada.
- To provide a mechanism to establish policy and coordinate activities within the Association of national and international significance.
- To promote a consensus on model laws, regulations, standard codes, enforcement, and administrative procedures among jurisdictions.
- To foster cooperation among regulatory officials themselves and between them and all of the many manufacturing, industrial, business, and consumer interests affected by their official activities.

MEMBERSHIP

Membership in NAARSO shall be open to those involved in or concerned with amusement ride safety and shall consist of two classes of membership: **Active** and **Associate**.

- **Active** membership is limited to amusement ride safety officials and jurisdictional agencies actively engaged in regulatory service and in the employ of an agency of the Federal Government, Municipalities, States, Commonwealths., Territories, Provinces or Possessions of the United States and Canada, or the District of Columbia. **Active** members may include those commissioned by, contracted by or authorized by any of the agencies having amusement ride safety jurisdiction. Also with the Board of Directors approval, **Active** membership is available to individuals whose primary responsibility is amusement ride safety.
- **Associate** membership is open to representatives of manufacturers, industry, business, consumers, and other persons or organizations who are interested in the objectives and activities of the Association. **Associate** members have the privilege of the floor at all meetings of the Association and have voting privileges at committee and task force levels.
