REQUIREMENTS FOR CERTIFICATION AND CERTIFICATION RENEWALS FOR INSPECTION OF AMUSEMENT RIDES AND DEVICES

LEVEL II (ADVANCED) INSPECTOR CERTIFICATION

Applicants for Level II (Advanced) Inspector certification shall satisfy the requirements of this section. This level is obtained through a combination of testing and experience.

In order to take the NAARSO Inspector Certification Examination the applicant shall meet the following criteria:

- Applicants must possess a current NAARSO Level Inspector I Certification (Basic)
- Applicants must possess verifiable documentation of five (5) years of employment primarily in the amusement ride inspection field. This shall be approved by the Certification Board.
- Applicants must possess the ability to read, write and comprehend the English language.
- Must be a current NAARSO member in good standing.
- All applicants must pass a written examination as referenced in Section 3, which covers advanced topics in areas such as, but not limited to: welding, electrical, hydraulics, pneumatics, or non-destructive testing of amusement rides and devices.
- All applicants must provide proof of successful completion of at least 3.2 continuing education units (CEUs) or 32 hours of NAARSO approved formal training within the past twenty-four (24) months prior to applying to take the examination.
- Application shall show evidence of an eye exam within the previous 6 months. Eye exam requirements shall be in accordance with ASTM F2974 visually acuity.
